1. Demographic and Social Statistics
2. Economic Statistics
3. Environment & Multi-domain Statistics
4. Methodology of Data Collection, Processing, Dissemination & Analysis
5. Strategic and Managerial Issues of Official Statistics

## 1) Basic Information

Training material title
International Statistical Classification of Diseases and Related Health Problems (10th Revision): Interactive Self Learning Tool
Brief description and comments

"The WHO Electronic ICD-10-training tool is designed for self-learning, and classroom use. The modular structure of this ICD-10 training permits user groups specific tailoring of courses on individual paths, if desired. Detailed information is given in the introduction of the tool, and in the user guide....There are two versions of the training tool: Full ICD-10 training that contains all modules; Cause of death certificate version, for persons that fill in causes of death on a death certificate."

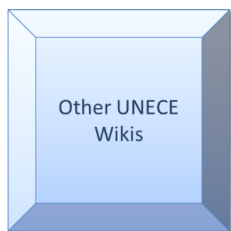

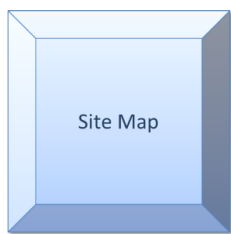

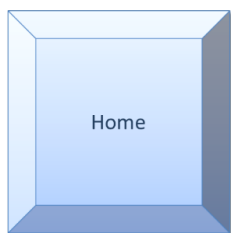

The full classification is available at <http://apps.who.int/classifications/icd10/browse/2010/en>

**Main category**

Demographic and Social Statistics
