

# Abstracts

## (i) Architecture

**Session Organizers:** Session Organizers: Robert McLellan, Statistics Canada ([robert.mclellan@statcan.ca](mailto:robert.mclellan@statcan.ca)) and Matjaz Jug, Statistics New Zealand ([matjaz.jug@stats.govt.nz](mailto:matjaz.jug@stats.govt.nz))

	<b>Canada</b> – Information architecture at StatCan, Robert McLellan ( <a href="mailto:robert.mclellan@statcan.ca">robert.mclellan@statcan.ca</a> )	Abstract rec'd.
	<b>Canada</b> – Enterprise Architecture 2.0 – Accelerating StatCan Modernization, Robert McLellan ( <a href="mailto:robert.mclellan@statcan.ca">robert.mclellan@statcan.ca</a> )	Abstract rec'd.
	<b>Netherlands</b> – The environmental investments; an example of a modular design, Robbert Renssen and Tom Guldemond ( <a href="mailto:rrnn@cbs.nl">rrnn@cbs.nl</a> )	Abstract rec'd.
	<b>Turkey</b> – Turkish survey management system, Murat Tuncel, Akin Öztürk, Sevki Kubilay Güngör, Mustafa Karamavus ( <a href="mailto:akin.ozturk@tuik.gov.tr">akin.ozturk@tuik.gov.tr</a> ) <b>No presentation</b>	Abstract rec'd.
	<b>Australia</b> – Building Organisational Capability for Plug and Play, Patrick Hadley ( <a href="mailto:patrick.hadley@abs.gov.au">patrick.hadley@abs.gov.au</a> )	Abstract rec'd.
	<b>Eurostat</b> – Enterprise architecture, Jean-Marc Museux ( <a href="mailto:Jean-Marc.MUSEUX@ec.europa.eu">Jean-Marc.MUSEUX@ec.europa.eu</a> )	Abstract rec'd.

## (ii) Streamlining statistical production

**Session Organizers:** Christine Wirtz, Eurostat ([christine.wirtz@ec.europa.eu](mailto:christine.wirtz@ec.europa.eu)) and René Piché, International Monetary Fund (IMF) ([rpiche@imf.org](mailto:rpiche@imf.org))

	<b>New Zealand</b> – Migration from Legacy systems, Matjaz Jug ( <a href="mailto:matjaz.jug@stats.govt.nz">matjaz.jug@stats.govt.nz</a> )	Abstract rec'd
	<b>Estonia</b> – Business case for industrialization in Statistics Estonia: Small example of a large trend, Allan Randlepp ( <a href="mailto:allan.randlepp@stat.ee">allan.randlepp@stat.ee</a> )	Abstract rec'd.
	<b>Thailand</b> – Applying the GSBPM in the National Statistical Office of Thailand, Thanyalak Maneewatthana ( <a href="mailto:mthanya@nso.go.th">mthanya@nso.go.th</a> )	Abstract rec'd.
	<b>Eurostat</b> – Streamlining Statistical Production Processes in Eurostat, Artur Queiroz, Mihaela Vacarasu ( <a href="mailto:Artur.QUEIROZ@ec.europa.eu">Artur.QUEIROZ@ec.europa.eu</a> , <a href="mailto:mihaela.VACARASU@ec.europa.eu">mihaela.VACARASU@ec.europa.eu</a> )	Abstract rec'd.

	<b>China</b> – The Developing Statistical Informatization of China, Ms. Meng Xianning (mengxn@gj.stats.cn) and Mr. Zeng Fei (zen gfei@gj.stats.cn)	Abstract rec'd.
	<b>ILO</b> - Streamlining the data compilation and dissemination at ILO Department of Statistics - Lessons learned and current status, Edgardo Greising (greising@ilo.org)	Abstract rec'd.
	<b>IMF</b> – Process Streamlining and Innovation – Meeting the future demands of a Statistical, Laurent Meister (LMeister@imf.org)	Abstract rec'd.
	<b>Korea, Rep. of</b> – Implementation of the KSBPM in KOSTAT, Ki-Bong Park <b>Bangkok meeting only</b>	Abstract rec'd.
	<b>Kazakhstan</b> – “e-statistics” integrated information system, Zhaidara Syzdykova <b>Bangkok meeting only</b>	Abstract rec'd.
	<b>India</b> – Consumer price indices released by CSO India, Dilip Sinha <b>Bangkok meeting only</b>	Abstract rec'd.
	<b>New Zealand</b> – Statistics New Zealand approach in standardising its environment from a methodological perspective, Gary Dunnet <b>Bangkok meeting only?</b>	

### (iii) Innovation

**Session Organizers:** Trevor Fletcher, OECD (trevor.fletcher@oecd.org) and Joseph Parsons, National Agricultural Statistics Service, U.S. Department of Agriculture (joe.parsons@usda.gov)

	<b>United States</b> – Reengineering the estimation and review tools at a Federal Statistical Agency, Joseph L. Parsons and Elvera Gleaton, National Agricultural Statistics Service (joe.parsons@usda.gov)	Abstract rec'd.
	<b>Netherlands</b> – Innovation at Statistics Netherlands, Barteld Braaksma (bbka@cbs.nl) and Marleen Verbruggen (mvbn@cbs.nl)	Abstract rec'd.
	<b>Georgia</b> – IT innovations, Maia Guntsadze (mguntsadye@geostat.ge, m_guncadze@yahoo.com)	Abstract rec'd.
	<b>Poland</b> – Concept of statistical surveys organization in the Central Statistical Office of Poland, Janusz Dygaszewicz (j.dygaszewicz@stat.gov.pl)	Abstract rec'd.
	<b>Lithuania</b> - Standard of electronic data exchange for respondents, Raimondas Rimša (Raimondas.Rimsa@stat.gov.lt)	Abstract rec'd.
	<b>Philippines</b> - A workaround for a not so 'intelligent' ICR (Intelligent Character Recognition) functionality of a Document Imaging Software, Gene V. Lorica (lorica@ce nsus.gov.ph , g.lorica@yahoo.com.ph)	Abstract rec'd.

	<b>Spain</b> – An efficient editing and imputation strategy within a corporate-wide data collection system at INE Spain: a pilot experience, Miguel Angel Martínez Vidal (mi.guelangel.martinez.vidal@ine.es)	Abstract rec'd.
	<b>Australia</b> – Information Infrastructure Enabling ABS Transformation - Stuart Girvan (stuart.girvan@abs.gov.au)	Abstract rec'd.
	<b>Asian Development Bank</b> – “Using C-Cube for the production of Key Indicators and other statistical work” or “C-Cube a useful tool for Communication, Coordination, and Collaboration”, Artur Andrysiak (aandrysiak@adb.org)	Abstract rec'd.
	<b>Korea, Rep. of</b> – Products of Official Statistics by Using Big Data, Ki-Bong Park	Abstract rec'd.
	<b>Slovakia</b> – Improvement of data collection and dissemination by fuzzy logic, Miroslav Hudec (hudec@infostat.sk <b>No presentation</b> )	Abstract rec'd.

#### (iv) Collaboration

**Session Organizers:** Marton Vuicsan, Statistics Netherlands (mvcn@cbs.nl) and Carlo Vaccari, University of Camerino, Italy (carlo.vaccari@unicam.it) and Eric Hermouet, ESCAP (hermouete.unescap@un.org)

	<b>Netherlands</b> – Big Data (and official statistics), Piet Daas	Abstract rec'd.	
	<b>Hong Kong</b> – Transformative opportunities of implementing a collaborative platform in the Government Statistical Service of Hong Kong, China, Anthony SK Mak (askmak@censtatd.gov.hk)	Abstract rec'd.	
	<b>ESS Sponsorship on Standardization</b> – On the management of statistical standards in the ESS, Wim Kloek (Wilhelmus.KLOEK@ec.europa.eu)	Abstract rec'd.	
	<b>OECD.Stat User Group</b> – Update on the activities of the OECD's Statistical Information System Collaboration Community, Jonathan Challener	Abstract rec'd.	
	<b>ESCAP</b> – Development of an Asia-Pacific Experts Community on the Modernization of Statistical Information Systems, Eric Hermouet	Abstract rec'd.	
	<b>ECE</b> – Structure of HLG and governance including roles of expert groups, framework of what is moving and consequences for other groups	Abstract rec'd.	

	<b>Netherlands</b> – Sharing Advisory Board project report, Marton Vucsan
