5. Strategic and Managerial Issues of Official Statistics

## 1) Basic Information

Training material title
Training video on Gender Pay Gap/
Brief description and comments

Gender pay gap refers to the difference in earnings of men and women: what women on average take out of employment in monetary terms relative to men. It is calculated as the difference between average earnings of men and women as a percentage of average earnings of men.

**Audience:** It is intended for users and producers of statistics, middle and senior staff in statistical organizations, policy and decision makers, academia and stakeholders interested in gender statistics.
