

2010 Population Census Round

The table below presents information and material (such as census dates, questionnaires, technical papers and reports) on the population and housing censuses of the 2010 round in the member countries of the UNECE, which includes all countries in Europe, North America and Central Asia.

This table is maintained by UNECE, in cooperation with authorized registered users from member countries. Users who would like to submit additional/updated material or information, or suggest corrections, may [send us an e-mail](#).

LAST UPDATE: 22 January 2015 (added publication "Dutch Census 2011" for the Netherlands)
