1) Basic Information

Training material title
Training video on Gender and Population Sub Groups/
Brief description and comments

12 minute video available both in English and in Russian, focusing on population sub groups related to ethnical, language, religious and migration characteristics and the relation between gender and these identified groups. Often some population sub groups are disadvantaged in terms of social status, education, employment, wealth and other social and economic dimensions.

Audience: It is intended for users and producers of statistics, middle and senior staff in statistical organizations, policy and decision makers, academia and stakeholders interested in gender statistics.

12-
