

Administrative Register

Definition

Object	Group	Definition	Explanatory Text	Synonyms
Administrative Register	Exchange	A source of administrative information which is obtained from an external organisation (or sometimes from another department of the same organisation)	The <i>Administrative Register</i> is a source of administrative information obtained from external organisations. The <i>Administrative Register</i> would be provided under a <i>Provision Agreement</i> with the supplying organisation. This administrative information is usually collected for an organisation's operational purposes, rather than for statistical purposes.
